

Amendments To The Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1-17. (cancelled)

18. (currently amended) A composite liposome comprising a first lipid bilayer liposome having an outer surface; a biologically active agent surrounding the outer surface of said first lipid bilayer liposome; and a second lipid bilayer encapsulating the biologically active agent, wherein said composite liposome [[forms]] has an invaginated vase-like structure.

19. (original) The composite liposome of claim 18, wherein the biologically active agent is DNA.
